

Skills Directory

We want to use our members' skills and interests to the Players' best advantage. So, we are compiling a "Skills Directory" to help future Producers approach those who are willing to take part in a production in a role they prefer. By doing this we hope as many people as possible will be able to show what they can do. This is YOUR opportunity to put yourself forward. If you have an interest or skill, make sure everyone knows about it!

So if you have production experience or have been a production secretary or scene painter, lighting tech, stage manager etc, please tick the first column.

If you have not actually carried out a specific role and would like to learn how to, or be considered for such a role, please tick the second column.

By completing this form it does NOT commit you to anything!
